

**Dear Guests,**

**We are looking towards the future and for ecological and economic reasons we try to reduce the use of paper sheets at each menu changing.**

**That's the reason why you will find the price of each plate figuring at the end of each line on the pages of 'Menu Epilogue' et 'Menu Gastronomer', so you are free to choose all those plates 'à la carte' and compose your own menu.**

**For your pleasure and as well for ours, we try to work as much as possible with local producers.**

**Every month you will find a new menu suggestion.**

Our meat and poultry are French origin.

In case you are allergic to some kind of food, please tell us, and we will prepare dishes according to your needs (you may find a list of allergens at the reception), as well as to our vegetarians or vegan guests.

If any of our items are missing, we apologize, that can happen some times.

Net prices per person (TTC), service included.

Plates indicated 'faits maison'/'house-made' are all produced in OUR kitchen with FRESH produces.
